## M Workstation Cart Camera Holder

Art No: 7 350 073 732 258

With this camera holder the M Workstation Cart can become your interactive movable videoconference station. The possible areas for implementation are vast. This added accessory is for example perfect for patients to talk to relatives through Skype directly through their hospital bed, or perhaps an expert

analysis when the doctor is doing the round at the hospital. The Camera holder is delivered complete making less than 5 minute installation time possible. The Camera holder has a flexible height adjustment so one can adjust dependant on what screen size is used for the cart.
