

DATA SHEET

LOGITECH CONNECT

Simplify video conferencing so anyone can set it up and run a meeting anywhere. Make it affordable so you can outfit every conference room with video.

Designed for huddle rooms and home offices, Logitech Connect is also compact and mobile so you can take it throughout the workplace and around the world. Connect is always ready for your next video conference call.

FLEXIBLE VIDEO FOR THE ANYWHERE WORKPLACE

Optimized for individuals and small groups of up to six people, this conference camera offers 4x digital HD zoom, digital pan and mechanical tilt, and razor-sharp optics for lifelike video.

An all-in-one design, built-in battery, and optional travel case make it easy to take Connect on the road. And with a compact footprint just 2.95" (75mm) in diameter, Connect is a perfect fit for both home office and huddle room.

With Connect, you can also use the USB and Bluetooth mobile speakerphone for great sounding audio calls. With true 360° sound, users can hear and be heard within a 12-foot diameter range while acoustic echo and noise-cancelling technology delivers life-like sound.

Logitech Connect

FEATURE SPOTLIGHT

Portable All-in-One Design

Sleek, easy to carry, and a snap to set up and use to expand the collaborative potential of the anywhere workplace.

Perfect for Small Workgroups

Optimized for teams of 1-6, experience HD 1080p video and 360° sound, in virtually any workspace — and watch productivity soar.

See and Be Seen

Automatically focus on people and objects for razor-sharp resolution wherever the lens is pointed.

Multi-Device Connectivity

Simply connect PC or Mac® to conduct life-like meetings within your own familiar computing environment.

Interact with Everyone at the Table

An eye-level camera with digital pan, tilt, and 4x digital zoom in Full HD is ideal for small group meetings.

Hear and Be Heard

The acoustics are tuned to provide a quality experience so that users can hear and be heard in huddle and small conference rooms.

Conversations Sound Life-Like and Natural

Acoustic echo and noise-cancelling technology makes it seem like conversations are happening in the same room.

USB Plug-and-Play Connectivity

With no special software, training, or maintenance required, connecting to a video conference has never been easier.

Professional-Grade Certifications

Certified for and/or compatible with Microsoft Skype for Business and Teams, Zoom, Google Meet, Cisco Jabber and WebEx, BlueJeans, Fuze, GoToMeeting, and other video conferencing, recording, and broadcasting applications that support USB cameras.

Near Field Communication (NFC) Technology

Pair mobile devices to Connect by simply bringing them close together.*

* With mobile devices equipped with NFC technology

Bluetooth Wireless Connectivity

Quickly and easily create a connection between any Bluetooth device and the integrated speakerphone.

Dockable Remote Control

Easily operate camera pan/tilt/zoom and audio functions (call answer/end, volume, mute) during meetings.* The remote covers the lens when the camera is not in use for added privacy.

* With supported applications.

Works with Most Video Conference Applications

Users are free to use the desktop video conferencing program of their choice.

Kensington Lock-Enabled

The Kensington Security Slot offers a simple, built-in security solution to help provide security from theft.

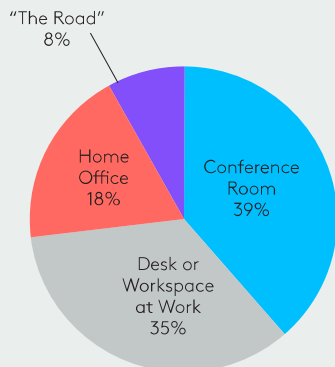

Rechargeable Battery

Flexibility to leave the power cord behind: run video calls for up to 3 hours or use the speakerphone for up to 15 hours with a fully charged battery (chargeable via USB or AC power.)

Logitech Connect
