# **NEOMOUNTS DS70-250BL1 MONITOR ARM**

Neomounts NEXT Slim DS70-250BL1 Single monitor arm - 17-35" - 1-9 kg (curved 8 kg) - gas spring - 180°-stop - Topfix - Easy Install-model - 100% plastic-free packaging black

The Neomounts DS70-250BL1 NEXT Slim is a full motion desk mount designed for screens up to 35", boasting a maximum weight capacity of 9 kg suitable for both flat and curved displays. The versatile tilt (90°), rotate (360°) and swivel (180°) technology enables seamless adjustment to any desired viewing angle to fully optimize the screen's capabilities. With the gas spring height adjustment (21,5-49,5 cm) and depth adjustment (7-52,5 cm) you can effortlessly adjust the mount to suit your ergonomic needs.

The DS70-250BL1 monitor arm features a nifty 180° stop mechanism, that prevents the mount from making contact with wall or separation panel when installed near it, while the integrated cable management system maintains a clutter-free desk.

The elegant black VESA plates of the NEXT Slim provide a perfect match with your screen, accommodating standard 75x75 or 100x100 mm VESA patterns. For non-standard hole patterns, Neomounts has various VESA optional adapter plates available. The Quick-release VESA system enables easy setup, while the topfix clamp or grommet ensures a quick and straightforward installation.

Committed to sustainability, the packaging of NEXT Slim desk mounts is 100% plastic-free and entirely made from recyclable cardboard and paper.

<sup>\*</sup>Please note: The inch sizes stated are just an indication, combined with the weight and VESA sizes. The maximum weight and VESA size are absolute restrictions for the products and should not be exceeded.
