

Connect seamlessly anywhere

Dell Mobile Wireless Mouse | **MS3320W**

Connect seamlessly

Work efficiently using this portable wireless mouse. Flexible dual-mode connectivity offers you the option to pair and connect to almost any PC via 2.4GHz wireless or Bluetooth 5.0. Widely compatible, this mouse works with a variety of operating systems.

Built to last

With a 36-month battery life¹, this mouse ensures you don't have to be concerned with battery replacements. Dell's Advanced Exchange Service² ships you a replacement unit the next business day should your mouse be faulty within the three-year warranty.³

Simple management

This Dell Peripheral Manager software lets you manage your mouse efficiently. Easily pair and manage devices, program the scroll wheel click to check on battery and connectivity status and get the latest firmware updates.

¹ Based on Dell internal analysis of battery life usage model calculations, Nov 2020. Results vary depending on usage and computing conditions.

² Replacement part/unit dispatched, if needed, following completion of phone/online diagnosis. Fee charged for failure to return defective unit. Availability varies.

³ For a copy of the Limited Hardware Warranty, write to Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see dell.com/warranty.
