FX-2190II

DATASHEET / BROCHURE

Nine-pin dot matrix printer offering fast printing, outstanding reliability and an extremely low TCO.

The FX-2190II is a high-volume, low TCO 136-column dot matrix printer designed for faster, more reliable printing. A contemporary new design and small footprint make it an easy upgrade.

Market-leading print speeds1

The FX-2190II offers an improved USD (ultra speed draft) speed of 735 characters per second at 12 characters per inch, making a real difference to high-volume print runs such as stock reports, large batches of invoices or freight documents.

Outstanding reliability

Building on Epson's established and reliable dot matrix technology, the new range of printers improves the mean time between failures by 25 percent This delivers 25,000 of power-on hours, ideal for challenging conditions where regular maintenance is not practical.

Modern design

Epson's new range of dot matrix printers have a refreshingly modern design to fit in with your working environment.

KEY FEATURES

- Market-leading print speeds¹
 Complete your high-volume print runs even faster
- Very low TCO
 Cheap, long-lasting consumables and low power use
- Even better reliability Improved by 25 percent to 25,000 power-on hours
- Modern design
 Fits with your working environment
- Energy Star compliant
 To ensure the best possible energy efficiency
